SECTION 2 — INCIDENT INFORMATION

Date of Incident	29 April 2025
Time of Incident	06:10 AM
Location	National Highway 44, near Attibele Toll Plaza, Bengaluru–Krishnagiri Highway, Karnataka — km marker 49.3 (GPS: 12.7815° N, 77.8102° E)
Weather Conditions	Dense morning fog; estimated visibility below 50 metres; road surface wet; active construction diversion in place on the carriageway
Incident Description	The insured vehicle (KA-01-AA-9981, loaded to 24.5 tonnes with industrial machinery components) was travelling from Bengaluru to Chennai on NH-44. In conditions of dense fog and severely reduced visibility, the driver (Basavaraju S.) applied emergency braking to avoid a stationary vehicle that was partially obstructing the construction diversion lane. The truck skidded approximately 18 metres before the trailer section collided with a minibus (KA-05-B-2341) which was carrying 14 passengers and had slowed ahead of the diversion. The force of the impact pushed the minibus onto the road shoulder, where it partially overturned. Emergency services — 108 ambulance and Karnataka Highway Police — arrived at the scene at 06:28 AM. The truck driver, Basavaraju S., sustained fractures to his left forearm and left clavicle and was transported to Narayana Health City, Bengaluru, where he was admitted to Ward 3B. Of the 14 minibus passengers: two persons were pronounced dead at the scene; six sustained injuries of varying severity including critical spinal trauma, rib fractures, and head injuries; and six were uninjured. One of the critically injured passengers is a child aged seven years who remains in the Intensive Care Unit at Narayana Health City as of the date of this filing.
