| Description      | The insured truck (KA-01-AA-9981, carrying 24.5 tonnes of industrial machinery parts) was travelling from Bengaluru to Chennai. Due to severely reduced visibility caused by dense fog, the vehicle braked suddenly to avoid a stationary vehicle partially blocking the construction diversion lane. The truck skidded approximately 18 metres before the trailer section collided with a minibus (KA-05-B-2341) carrying 14 passengers. The minibus was pushed onto the road shoulder and partially overturned. Emergency services (108 ambulance and police) reached the scene at 06:28 AM. The truck driver (Basavaraju S.) sustained fractures to his left forearm and collarbone and was hospitalised at Narayana Health, Bengaluru. Among the minibus passengers: 2 persons were declared dead at the scene; 6 sustained injuries ranging from minor cuts to critical spinal injuries; 6 were uninjured. A child aged 7 is in the ICU as of the date of this filing. |

## C. INVOLVED PARTIES
